TURNOMATIC SYSTEM

Take-A-Number System

It is not always possible to serve all of your customers as quickly as you would like. A Turn-O-Matic system allows your customers to wait in relaxed comfort without having to worry about missing their turn. You can give your customers more personalized service with a Turn-O-Matic system and provide a hassle free environment for your employees too.

Turn-O-Matic systems are being used in practically all countries for use in a wide range of commercial and institutional enterprises. Turn-O-Matic systems have been installed in supermarkets, retail stores, specialty shops, post offices, tourist information centers, travel bureaus, banks, hair care salons, insurance companies, trade fairs, ticket sale offices, embassies, restaurants, driving schools and utility companies.

Turn-O-Matic's economical cost, flexibility and ease of use make it the system of choice for improving customer service quality. ** Tickets are sold separately.

Take-A-Number system features: 150 Degree wide viewing angle, horizontally and vertically/ Beeper and blinking digits announce number change. Matched brightness LEDs for even display enhances readability. Simple 2-wire data linking of indicators for multiple display applications. Safe, low voltage (12 VAC) power supply. "Now Serving" decals in 12 languages.

Standard Model features 2-digit display from 00-99, high quality and long life red LEDs in dot matrix italicized layout (35 LEDs per digit). Digit size 75 mm (W) x 125 mm (H) - 2.99" x 4.9", and white ABS housing.

For more information please call to speak with a sales associate and we will be happy to find a solution that works for you!
