**SOUTHERN  
IMPERIAL**

**Action Retail Outfitters** is an “and” fixture supplier in a sea of “or” suppliers. As your national distributor of import and domestic store fixtures we partner exclusively with Lozier, Southern Imperial and other brands making us a complete and trusted source for everything standard.

“And”, when you need it, we can design retail environments and custom manufacture added elements or complete fixtures packages to perfect your retail experience. Our goal is to not just supply you with a hook, but provide valued customer service in sweating the details to outfitting your store and meeting your ever-changing needs.

This catalogue represents only a sample of what is available to you. Don't get overwhelmed by the amount of choice. We are here to help you get exactly what you need and will help to curate the right fixtures and accessories to get the job done in store. Where value, extensiveness of offering and customer service meet, you will find **Action Retail Outfitters**.

OUTFITTERS

## Fastback® Scanning Hooks

- Labour saving  
Fastbacks® are easy to install.
- Sturdy plastic back
- Works in 1/4" perforated paneling and slatwall
- Works directly undershelves

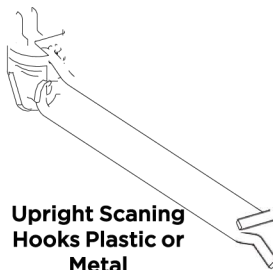

**Fastback®  
Scanning  
Hooks**

## Upright Scanning Hooks

- No longer a dead space in retail gondolas
- Stock available in 8", 10" and 12" lengths.
- Back fits into most Lozier uprights
- Works with .212 wire scanning hooks

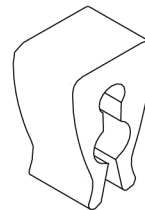

**Upright Scanning  
Hooks Plastic or  
Metal**

## Molded Inventory Control Clip

- Helps keep merchandise faced, giving a fully stocked appearance.
- Fits all types of peg hooks: .149 to .250 diameter.
- Use to keep pre-packed products on displays.

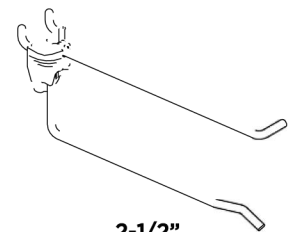

**Molded  
Inventory  
Control Clip**

## 2-1/2" Drop Hook

- Designed to accommodate products that require a larger clearance when displayed on a scanning hook.
- Excellent way to merchandise levels.

**2-1/2"  
Drop Hook**

# The Case for Paper

Switch to using paper bin tags and realize the cost savings with Southern Imperial's Shelf Edge Solutions

## Cost savings

The return on investment from switching to using paper bin tags is often less than one year. This savings is realized through the lower cost of the tags themselves and through labour savings from removing adhesive labels and cleaning and maintaining shelf edging.

## Proven Results

Many of today's leading retailers have already recognized the savings involved in this switch, and have implemented this system.

## Clean

Paper means no more adhesive residue! Optimize the maintenance and appearance of your store and save labour costs of cleaning off adhesive residue.

## Consistency

Maintain the consistency of pricing information by keeping price tags in front of the product. When using price channel chips, price tickets can slide down the channel making it harder for your customers to know the price of your merchandise. Southern Imperial's Shelf Edge Price Channels feature a protective window that holds the paper bin tag in place.

## Fast Tag™ Pocket Label Holder

- Designed for adhesive labels and non-adhesive paper tags.
- Unique pocket designed to securely hold paper tags, yet be easy to remove.
- Locks securely on five wire diameters: .149, .186, .212, .224, and .250 for all of Southern Imperial's scanning hooks.

Patent Pending

## Flex-Flip™ Price Tag Channel

- Locks onto peghook scan arms to create price channel.
- Unique flip feature allows easy access to product.
- Continuous price channel maintains level price tag placement.
- For paper tags or adhesive labels.
- Works with .186" and .212" diameter wire.

## Adhesive Vinyl Pock- ets for Price Tags

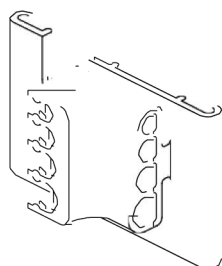

- Designed and manufactured with high-quality PVC with UV inhibitors to prevent discoloration.
- Designed for most common, non-adhesive price tags.
- Sold in packs of 25 sheets, with 10 vinyl pockets per sheet.
- Custom sizes are available. Call **ARO** for more details. **1.800.535.2279**

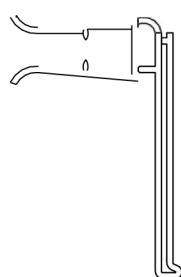

## Molded Wrap Lok™ Label Holders

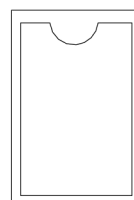

- Unique design securely locks on wire.
- Great for any wire or grid display.
- Works on wire from 0.100" to 0.300" diameter.
- For adhesive labels and paper tags.

# Stop Lock for Stem Hooks

**Prevent Product Sweep. Control Inventory. Deter Theft!**

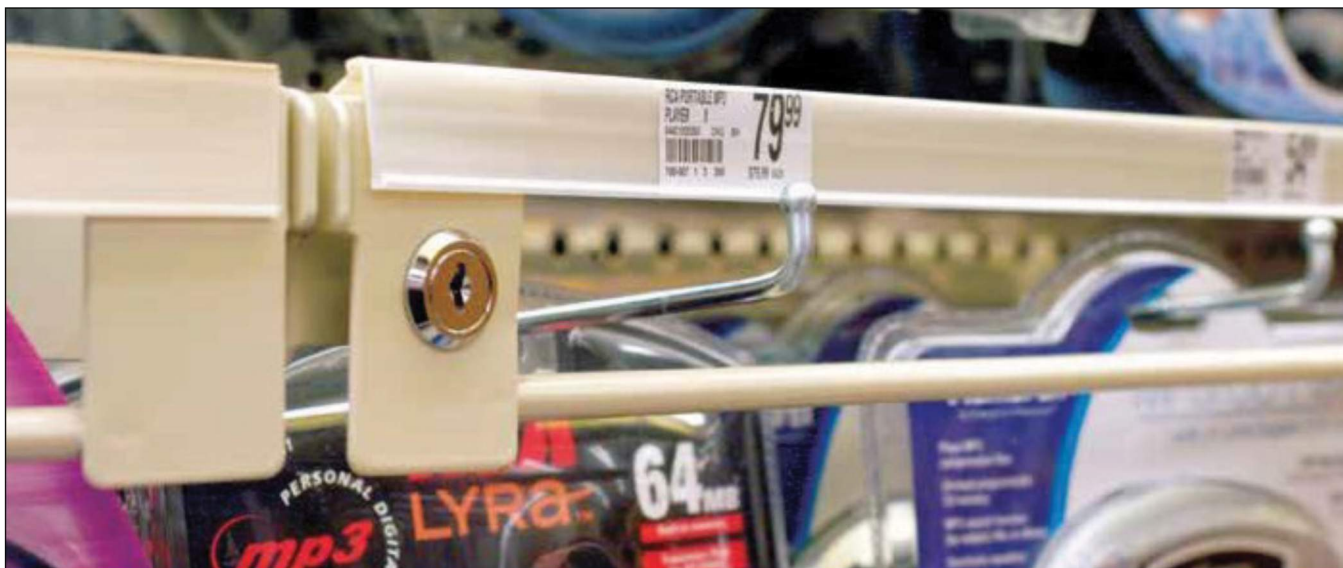

Secure Stop Lock on your wire display hook and save money by deterring theft. The bright red colour of the Stop Lock provides visualization throughout your display line to inform the customer that product is locked. The Stop Lock is easily recognized if the lock is open or closed and staff cannot intentionally leave it open to “sweetheart”.

## Stop Lock and Magnetic Detacher Strong and Effective! Easy to Install!

Unlocking and controlling inventory is quick and easy with available Magnetic Detacher. Stop Lock works on display hooks with stem diameters up to .224” thick.

## Security Lock Bar

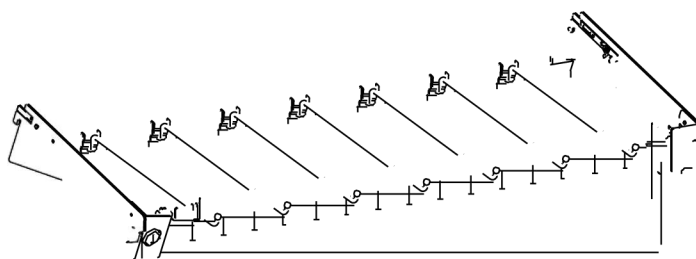

The Lock Bar System allows retailers to display high ticket items without the worry of consumer theft. This unique lock bar system allows the entire product package to be seen and held while remaining safely secured to the fixture.

- Hinged front gate locks to secure product.
- Hooks secure to bar and slide into position.
- Tab insert secures fixture to gondola uprights.

### Other Features:

- Heavy-duty steel construction.
- One-piece design fits into standard 36" and 48" width gondola uprights.
- Convenient locking mechanism allows for one key to work with multiple units.
- Includes twelve, 10" hooks for 48" version, and eight, 10" hooks for the 36" version and two keys.
- One simple lock opens the secure gate for product removal by store clerk

# SONIQ™

## ALARM HOOK

*Reduce product sweep while increasing sales!*

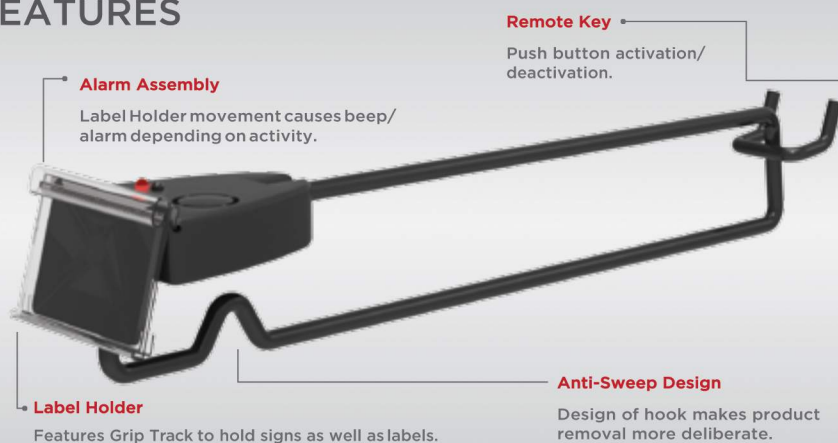

The SONIQ™ alarm hook has an open system design that allows customers to remove and replace product without assistance.

It uses tested audible cues to deter theft at the product level without having to lock it up.

The combination of an audible beep, alarming function and anti-sweep hook work together to deter theft before it starts. The one-piece design also allows for quick and easy installation.

## FEATURES

Patent Pending

## BENEFITS

### Audible Deterrent

A simple beep upon product removal denotes activity and deters theft.

### Extended Alarm

An extended alarm sounds when the label holder is held up for 10 seconds or multiple products are removed at once.

### Anti-Sweep Design

Added curvature to the product hook creates barriers to sweep and product removal more deliberate.

### Brand Visibility

Clean low profile hook doesn't detract attention away from product.

### Battery Life

Expected 1 years plus with replaceable battery.

Low battery indicator is two short beeps every few seconds

### Customizable

Customize the color, size, style and label holder, as well as custom programming of alarm.

Add a splash of colour to your existing fixtures in 3 simple steps !

Turn an ordinary pegboard display...

Into a colorful and attractive display!

Splash Rollz™ is a simple and cost-effective way to enhance the look of your retail space and increase the effectiveness of in-store promotions.

Splash Rollz are available in four stock colors designed to fit a standard, four foot wide section of gondola.

## How to install SplashRollz in three easy steps!

1.

Simply remove cutting rail from box and place on box edge at the box opening.

2.

Roll Splash Rollz™ paper out of box and over cut rail to desired length (there are cut guides every 12"). Use cutting tool to slice paper at cutting rail.

3.

Place paper on pegboard at desired position and secure with the included pushpins.

## Q-Tag Paper Tags-32up

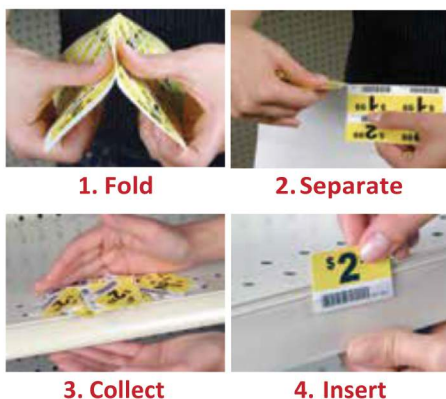

**Q-Tag™** is a revolutionary new product that can save thousands of dollars in labor costs in retail shelf marking. **Q-Tag™** is based on a “dry adhesive” technology, which keeps a pre-cut tag adhered to a liner - even through laser printers - until it is removed from the liner for placement into price channels and label holders.

The **Q-Tag™** is as easy to use as standard adhesive labels, but it is a paper tag. Look into **Q-Tag** now and begin to realize the savings !

- Use in Price Channels and Label Holders
- Q-Tags™ are based on “dry adhesive” technology.
- Easy to use as standard adhesive labels, but it is a paper tag.
- 32 tags per sheet.

## Compare Q-Tag™ to Standard and Vinyl Labels

### Standard Perforated Tags

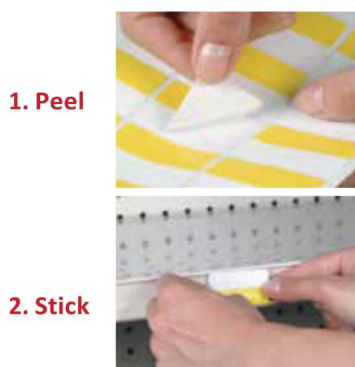

Time to insert:  
2 minutes - start to finish

Label Cost = \$0.025/ea  
Separation cost = \$0.01/ea

**Total cost = \$0.0125/ea**

### Vinyl Adhesive Labels

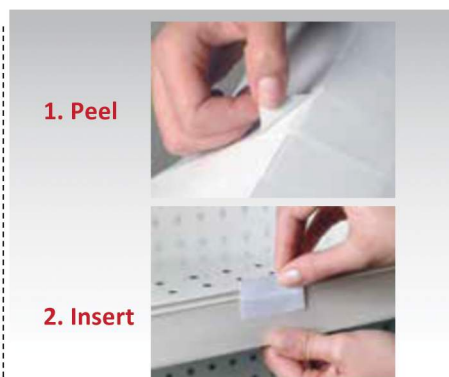

Time to apply:  
2 seconds - start to finish

Label Cost = \$0.007/ea  
Separation cost = \$0

**Total cost = \$0.007/ea**

### Q-Tag™

Time to insert:  
2 seconds - start to finish

Label Cost= \$0.004/ea  
Separation Cost= \$0  
**Total cost = \$0.004/ea**

Label•Release® is an easy to apply material that allows you to move and replace labels with no sticky adhesive residue.

Vinyl Pressure Sensitive (VPS) Label Release has a base of adhesive vinyl to be used on flat faced shelving. Peel off the liner to expose the adhesive and apply to flat faced shelving, or leave the liner on Label•Release® and snap it into "C" price channels.

Designed to fit industry standard scanning hooks, these "labels" allow any user to upgrade their peghooks with Label Release. Simply place the Label•Release® "label" on the label holder and your peghook is upgraded to Label•Release® without having to replace label holders.

**Simply apply  
Label•Release  
to fixture.**

**Apply label.**

**Remove and replace as  
necessary!**

## Features

### VERSATILITY

### AVAILABLE FORMS

- Near transparent appearance.
- Labels stay put, but easy to remove and replace when needed.
- Store resets become a breeze.
- Cleaner looking shelves - hides those dents & scratches.
- Non-adhesive for "C" shaped price channels.
- Adhesive for flat face price channels.
- Scanning hook sizes available.

### SAVINGS ADVANTAGES

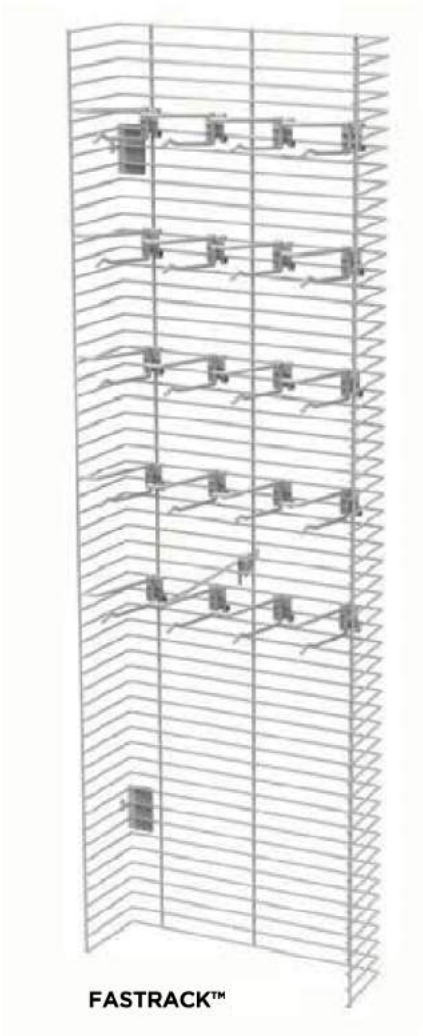

### COLORS

- Save 50% with use of paper labels versus vinyl labels.
- Reduce time for label resets.
- Re-face your shelf in any color.
- Stocked in a variety of colors.
- Custom colors and logos available.
- Label Release® is versatile and works with almost any label.

#### Sign-EEZ™ BasicComponents

##### Telescopic Pole/Gripper

Grip holder with sign and elevate into position. Then just pull cord to release. Telescopic poles are sturdy aluminum in four sizes, extending to 8', 12', 18', and 24'.

##### Holder

The high-energy Magnetic Holder attaches safely and securely to ceiling grid and other steel or magnetic surface.

##### Clear Lexan Hooks -

Block-end slides into lower chamber of holder. Hooks are available in two sizes: 4.5" and 16". The hole in the block allows for linking hooks together to reach desired hang height.

#### For Grid - Tbar Ceilings

#### For High Windows

**Hang Signs from any Ceiling or High Window Without the use of any Ladders!**

- Remove the danger and potential liability of ladders!
- No more moving merchandise out of the way or time wasted going up and down ladders!

Telescoping pole allows banners to reach high ceilings and create uniform displays.
